

# Disc Jockeys

A Revolution in DJ Entertainment from Best Entertainers!

## *Rockin Lou and Ernie T.*

Houston's only comic DJ duo! These incredibly creative entertainers make any party an event! With Lou's twenty years of experience as an international music and variety performer and Ernie's ten years of music and comedy, these two will have

your dance floor shaking and the excitement going all night long.

## *Kevin Friddell*

One of the most skilled performing DJs in the Texas area. DJs with his mixing virtuosity are generally not great emcees, but Kevin is by far the exception to this rule. Behind the scenes, Kevin is an award winning lighting, sound and event designer, and a mixmaster that is highly regarded by other D.J.'s. On the microphone Kevin shows that he has the kind of energy and charisma that makes his parties talked-about events. Kevin uses his great sense of humor to throw in just the right amount of banter, and he keeps the excitement flowing with great MC'ing, games and contests, and he can even integrate videos and dancers. Kevin is the consummate professional and a guaranteed good time.

## *Tony Mac*

The most incredible Karaoke MC you will ever experience. With a phenomenal voice and infectiously positive attitude, Tony will get your party going and keep it going. In addition to his karaoke skills, Tony is hugely talented as a DJ/MC, interacting with your crowd, teaching dances, and playing music that your guests will love to dance to.

## *Armando Gauna*

Armando is an exceptionally knowledgeable and fun D.J. and as a bilingual performer is known as one of Texas' top Quniceaneras and Fiesta D.J.'s. He is a musician and a phenomenal lighting and sound tech and when he's not performing his own parties you'll see him D.J.ing with DJ Kevin and Gary.

## *Sian Taylor*

AKA DJ London, has performed throughout the world as a singer, pianist, dancer and actress. She is an unbeatable combination of all these musical abilities and the professionalism and experience you would expect from a world-class talent. She is one of our most vivacious and exciting performing DJ's.

## *Ben Bordelon*

Ben Bordelon has had the experience of being the lead in a touring rock band. He plays multiple instruments, arranges music and is a skilled recording engineer. Ben is very charming with a great can-do attitude. Truly a unique and skilled DJ.

## *Rick Navarre*

Rick is one of our "outgoing" DJ's. His background in theatre and live music makes him fearless and fun. Whether he is clowning on the microphone or leading dances, he will inspire any wallflower to join the party. Rick is also mature, helpful and very professional. He knows when to inspire and when to lay back and just spin

the music that your guests want to hear.
